Reporting Components for Oklahoma State University's Sports Management Graduate Program

1. **Title Page: Reporting Components for Oklahoma State University's Sports Management Graduate Program**
2. **Student Name: Duvine Beebe**
3. **Course Title: Sport Management Externship Reflection**
4. **Date: 9/15/24**

2. Type of Degree:

- **Bachelor of Science in Business Administration with a Sports Management Option**
- **Master of Science in Applied Exercise Science** (with relevant components for sports management)
- **Master of Science in Leisure Studies**

3. Admission Requirements for Candidacy:

- **GPA:** Minimum 3.0 on a 4.0 scale for most graduate programs.
- **Major GPA:** Generally, 3.0 or higher, depending on the specific program.
- **Test Scores:** GRE required for many programs; some may accept M.A.T. scores or waive test requirements based on professional experience.
- **Professional Goals Narrative:** A personal statement outlining career goals, motivations, and reasons for pursuing the degree.
- **Recommendations:** Two to three letters of recommendation from academic or professional references, highlighting the candidate's qualifications and potential for success in the program.

4. Degree Requirements and Grading System:

- **Credit Hours:** Graduate programs typically require 30-36 credit hours. The undergraduate program requires around 124 credit hours.
- **Core Courses:** Courses in sports management, business, and exercise science, such as "Sports Marketing," "Sports Law," "Event Management," and "Facility Management."
- **Electives and Practical Experience:** Options for internships, practicums, or additional coursework tailored to specific career paths.

Reporting Components for Oklahoma State University's Sports Management Graduate Program

- **Grading System:** Standard A-F scale, with a minimum GPA requirement of 3.0 for graduate students to maintain good academic standing and qualify for graduation.

5. Program Leadership:

- **Dean:** Dr. Jon Pedersen, College of Education and Human Sciences.
- **Department Chair:** Dr. Brendon McDermott, School of Kinesiology, Applied Health and Recreation.

6. Curriculum and Thesis/Non-Thesis/Internship Options:

- **Thesis Option:** Conduct original research and write a thesis under faculty supervision, typically recommended for students interested in pursuing a Ph.D. or research-focused careers.
- **Non-Thesis Option:** Complete additional coursework or a capstone project, ideal for students aiming for practical or professional roles.
- **Internships:** Mandatory or elective practical experience opportunities in sports management settings, such as professional sports teams, athletic departments, or sports marketing agencies.

7. Emphases/Specialty Areas in Curriculum:

- **Athletics Management:** Courses on managing sports teams, coaching, and athletic programs.
- **Governance:** Understanding the regulatory and organizational structures governing sports.
- **Sports Law:** Legal aspects relevant to sports organizations, including contract negotiation, liability, and compliance.
- **Management:** Business and operational management within sports contexts, covering strategic planning, marketing, and finance.

8. Notable Faculty Members:

- **Dr. Brendon McDermott:** Department Chair and an expert in exercise science and sports management, specializing in thermal physiology and sports performance.
- **Dr. Tim Baghurst:** Renowned for his research in sports coaching, psychology, and athlete wellness; has published extensively in sports science journals.

Reporting Components for Oklahoma State University's Sports Management Graduate Program

- **Dr. Bert Jacobson:** Focuses on sports injury prevention and rehabilitation, with a background in exercise physiology and athletic training.
- **Dr. Chad Seifried:** Specializes in sports facilities and event management, known for his work on historical and contemporary sport venue design and management.

9. How Program is Offered:

- **Residence:** Most programs are offered on-campus at OSU's Stillwater campus, providing access to state-of-the-art facilities, labs, and experiential learning opportunities.
- **Online:** Some components or courses may be available online to provide flexibility, particularly for working professionals.

10. Fees:

- **Application Fees:** Approximately $50 for both undergraduate and graduate programs.
- **Tuition:**
    - **In-State:** Around $25,040 for the entire graduate program.
    - **Out-of-State:** Higher rates apply, with additional costs depending on the specific program and the number of credit hours taken.
- **Additional Fees:** Includes fees for health services, technology infrastructure, library services, and program-specific expenses (Bursar OSU).
